Waukesha, WI 53188

Dear Caryn and Glen,

On December 1, 2009, the Town of Mukwonago Town Board voted to request a modification to the CDBG-EAP grant previously awarded.

The lack of sufficient funding for the proposed solution has prevented the Town from commencing with that solution. A solution that will alleviate the primary problem, flooded basements, is to fill in those basements affected.

During the meeting held August 6, 2009 to review the grant requirements, it was indicated that the grant award was based primarily on the problem, and that alternative solutions would be considered.

The Town of Mukwonago hereby requests a modification of the grant to allow use of the grant to fund basement filling and associated costs, including utility relocation.

Respectfully,

Dave Dubey  
Town Chairman

Cc: Gilbert Yerke, Waukesha County Board Supervisor  
Kathy Wilson, Town Clerk
