Re: August 19, 2009 Town Board Agenda

On Tuesday, August 11, 2009 most of us attended a meeting held by Country Bliss water committee and representatives from Normandy Green, Pinefield Farms, Stone Brook Hollow, Mayflower Hills, Jericho Ridge and Country Bliss subdivisions as well as Andy Yenchka from the UW Extension.

The consensus from those in attendance was that we need more information before making any decisions regarding financing options and possible utility district formation. The Country Bliss water committee and I are working to get another expert to explain to us the exact problems in the area and where they are coming from. In addition, we will be getting more information from an engineer hired by several of the subdivisions.

Based on above, there will not be any items on the August 19, 2009 Town Board agenda regarding storm water utility district formation.

There will be one item related to Country Bliss on the agenda, which is to pass a resolution stating our intent to use the grant. This resolution does not obligate us to use the funds but rather informs the county and the state of our intent so the grant money isn't allocated to another community in the short term.

Respectfully,

Dave Dubey
Town Chairman

Cc: Gilbert Yerke, Waukesha County Board Supervisor
Kathy Wilson, Town Clerk
